

Flywheel Social Enterprise Hub is excited to announce that SE CINCY's Elevator has begun accepting applications for the 2017/18 program. We will be accepting up to six social enterprises into the program and providing them with curriculum, programing, and access to investors and resources. I am reaching out to you because, in order to add value to these businesses, we need a mentors that can help push our cohort to the next level. We believe that SE CINCY companies will benefit from the expertise of mentors that bring a variety of experiences and skills.

The amount of time that a mentor invests is largely up to the mentor. We are requiring our cohort companies to meet with their mentors at a minimum once per week to ensure successful progression throughout the 14 week (Nov1 - Feb 7) curriculum. We have these important dates for mentors to be at Union Hall:

- **October 25** 430p - 6p: Welcome/meetup event for mentors and the 2017 cohort
- **October 26** 3p: Mentor Training Conference Call
- **November 1** Afternoon: Day One of curriculum for the cohort
- **February 7** Afternoon: Demo Day

Throughout the program these companies will meet weekly at Union Hall on Wednesdays for speakers, panel discussions and workshops. Founders will also be at Union Hall on Fridays for meetings with Elevator staff. It is our goal to have our mentors further assist the companies along that path, any additional assistance you provide would be entirely up to you and your capacity.

For questions relating to the mentor program or the Elevator itself, please feel free to email me: Jesse.Brumbaugh@flywheelcincinnati.org or call at: 512-608-3831.

Respectfully,
Jesse Brumbaugh

Program Manager
